VALUES & PRIORITIES OF ISTP

Practical ANALYZERS; value exactness; more interested in organizing data than situations or people; reflective, cool and curious observers of life. Having Introverted THINKING as their strongest mental process, they are at their best when analyzing experience to find the logical order and underlying properties of things. They value:

- A reserved outer life
- Having a concrete, present-day view of life
- Clear, exact facts (a large storehouse of them)
- Looking for efficient, least-effort solutions based on experience
- Knowing how mechanical things work
- Pursuing interests in-depth, such as hobbies
- Collecting things of interest
- Working on problems that respond to detached, sequential analysis and adaptability
- Freedom from organizational constraints
- Independence and self-management
- Spontaneous hands-on learning experience
- Having useful technical expertise
- Critical analysis as a means to improving things
